Hi Tom,

Robert call me and he stated that he has paid permit fees for last year as well as this year for S0270106. Then he requested a application to revise NOI for S0270014 (I sent this via email). Robert then stated that S0270103 he wasn't paying the permit fees because this site was transfered? I looked on foxpro and I don't see a transfer anywhere??? Do you know anything about this? I told him I would have to check into this. Please update me. Thanks.
